

# Illustrator CS2 New Features

## *1 day course*

### **Overview**

You have already worked with the previous versions of Illustrator. You would like to familiarize yourself with the new features in the latest version of Illustrator. In this course, you will work with the new features of Illustrator CS2.

### **Course Objective**

You will work with the new features of Illustrator CS2 to create graphically rich content.

### **Target student**

This course is designed for a person who has already worked with the earlier versions of Illustrator, ideally Illustrator CS and would like to upgrade to Illustrator CS2.

### **Prerequisites**

Experience using Illustrator CS or earlier versions.

---
